ANGGIN MEGANTARA

Keniten, Taman Martani, Kalasan, Sleman, Yogyakarta | 0851 7234 2403 | angginmegantara@gmail.com

Frontend Developer with 8+ years of experience in web development and UI/UX design. Experienced in translating UI/UX designs into responsive web interfaces, developing frontend prototypes, integrating REST APIs, maintaining websites, and supporting QA through bug fixing. Proficient in JavaScript, PHP, HTML, CSS, React.js, Vue.js, Next.js, Nuxt.js, Bootstrap, and Tailwind CSS.

WORK EXPERIENCE

Mar 2026 – Present

Frontend Developer | Ministry of Communications and Digital Affairs | Yogyakarta

- Handle frontend development across nearly all ongoing application projects, including maintaining existing applications and developing new features and UI updates for public-facing services.
- Adapt to project requirements and tight delivery timelines using Vue.js as the primary framework, alongside React, Nuxt.js, and Next.js.

Sept 2024 – Feb 2026

Intermediate Frontend Developer | PT Netindo Solution Group | Yogyakarta

- Developed company profile websites with e-commerce functionality, including product purchasing workflows involving Brick as the payment gateway and KiriminAja for shipping API integration.
- Built authenticated admin applications featuring interactive dashboards with chart visualizations and tree-based organizational hierarchy views.
- Developed frontend interfaces primarily using Vue.js and Nuxt.js, with Tailwind CSS, Bootstrap, shadcn/ui, and Vanilla JavaScript, while integrating APIs provided by the backend team.

Feb 2024 – May 2024

Frontend Developer (Freelance) | PT Pasifik Cipta Solusi | Yogyakarta

- Developed responsive user interfaces based on UI/UX designs using React.js, Material UI (MUI), CSS, and JavaScript.
- Integrated REST APIs provided by the backend team to connect frontend interfaces with backend services.
- Implemented chart visualizations using Apache ECharts and fixed bugs identified by the testing team.

Nov 2018 – Nov 2023

Web Designer | PT JMC INDONESIA | Yogyakarta

- Designed UI/UX interfaces for websites and applications using Figma.
- Translated UI/UX designs into responsive frontend prototypes using HTML, Native PHP, CSS, and JavaScript.
- Handed off completed prototypes to developers for further application development and participated in QA activities by fixing bugs in Yii2-based applications.

Jul 2018 – Aug 2018

Web Developer (Freelance) | PT Baracipta Esa Engineering | Yogyakarta

- Developed and maintained responsive websites using Laravel, Bootstrap, and JavaScript.

Jun 2017 – Jun 2018

Web Developer | Webane Indonesia | Yogyakarta

- Developed websites using CodeIgniter (CI), PHP, Bootstraps and Vanilla JavaScript.

EDUCATION

2015 - 2019

Bachelor's Degree in Informatics Engineering | STMIK Dharma Negara Bandung | Bandung

- GPA: 3.15/4.00
- Chairman of JLCC Campus Organization
- Coordinator of the Disciplinary Committee of the Student Executive Board
- Relevant Courses: Object Oriented Programming (OOP)
